A Surfer's Palate

Jarratt, a lifelong surfer and food enthusiast, has spent years exploring the world's best surf spots and sampling the local cuisine. In *Salts and Suits*, he shares his experiences with readers, taking them on a culinary journey that spans continents and cultures. From the fish markets of Japan to the oyster bars of New England, Jarratt introduces us to the people and places that make surfing and seafood so special.

One of the most interesting things about Salts and Suits is Jarratt's ability to capture the unique flavors of each surf spot. He describes the salty tang of the ocean, the sweet taste of fresh fruit, and the smoky aroma of grilled fish. He also shares his recipes for some of his favorite dishes, including fish tacos, ceviche, and paella. Whether you're a seasoned surfer or a novice cook, you'll find something to enjoy in Salts and Suits.

The Culture of Surfing and Seafood

In addition to its culinary delights, Salts and Suits also explores the culture of surfing and seafood. Jarratt writes about the history of surfing, the different types of surfboards, and the etiquette of the lineup. He also discusses the importance of seafood in surfing communities, and he shares stories about the surfers who have made their mark on the world of food.

One of the most important themes in Salts and Suits is the connection between surfing and seafood. Jarratt argues that surfing is more than just a sport; it's a way of life. And just as surfing is connected to the ocean, it's also connected to the food that comes from the ocean. For surfers, seafood is not just a source of sustenance; it's a symbol of their connection to the sea.
