In *Stars*, renowned film scholar Richard Dyer takes us on a journey through Hollywood, exploring the history, meaning, and impact of the stars who have shaped our cinematic dreams. From the silent era to the present day, Dyer examines the ways in which stars have been created, marketed, and consumed. He looks at the different types of stars, from the iconic figures who have come to embody the glamour and excitement of Hollywood to the character actors who have brought depth and nuance to countless films. Dyer also explores the ways in which stars have been used to reflect and shape our social and cultural values.

Stars is a fascinating and insightful look at the world of Hollywood and the stars who have made it what it is. Dyer's writing is clear and engaging, and he provides a wealth of information and insights that will be of interest to anyone who loves film.

About the Author

Richard Dyer is a renowned film scholar and author. He is a professor of film studies at King's College London, and he has written extensively on film theory, film history, and the stars of Hollywood. Dyer's other books include:

- Heavenly Bodies: Film Stars and Society
- White: Essays on Race and Culture
- In the Space of a Song: The Uses of Song in Film
- The Culture of Queers

Reviews

"Stars is a brilliant and insightful look at the world of Hollywood and the stars who have made it what it is. Dyer's writing is clear and engaging, and he provides a wealth of information and insights that will be of interest to anyone who loves film." - The New York Times

"Stars is a must-read for anyone interested in film studies, cultural studies, or the history of Hollywood. Dyer's writing is sharp and witty, and he provides a unique and insightful perspective on the stars who have shaped our cinematic dreams." - The Guardian
