The European Blood and Marrow Transplantation Textbook for Nurses is a comprehensive reference text that provides nurses with the latest information and best practices in the care of patients undergoing blood and marrow transplantation (BMT). This textbook is an essential resource for nurses who care for BMT patients and is highly recommended for nurses who are new to this field.

The textbook is divided into 10 sections, each of which covers a different aspect of BMT nursing. The sections include:

- The History of Blood and Marrow Transplantation
- The Pathophysiology of Blood and Marrow Transplantation
- The Nursing Care of Patients Undergoing BMT

- The Management of Complications in BMT Patients
- The Role of the Nurse in BMT Research
- The Ethical Issues in BMT Nursing
- The Future of BMT Nursing

The textbook is written by a team of experts in the field of BMT nursing, and it is endorsed by the European Group for Blood and Marrow Transplantation (EBMT). The EBMT is a non-profit organization that promotes excellence in the care of patients undergoing BMT.

Why Buy This Textbook?

There are many reasons why nurses should consider purchasing The European Blood and Marrow Transplantation Textbook for Nurses. Here are just a few:

- **It is the most comprehensive reference text available on BMT nursing.** The textbook covers all aspects of BMT nursing, from the history of BMT to the latest advances in patient care.
