The six choices are:

1. **Choose to be clear.** What are your goals? What are your values? What are your priorities? Once you know what you want, you can start to make decisions that will help you achieve it.
2. **Choose to be courageous.** Don't be afraid to take risks. Don't be afraid to fail. The only way to achieve great things is to be willing to step outside of your comfort zone.

3. **Choose to be consistent.** Success is not a sprint, it's a marathon. You need to be consistent in your efforts if you want to achieve your goals.
4. **Choose to be committed.** Don't give up on your dreams. There will be times when things get tough, but you need to stay committed to your vision if you want to succeed.
5. **Choose to be connected.** Build relationships with other entrepreneurs. Learn from their experiences. Share your knowledge with others. The more connected you are, the more successful you will be.
6. **Choose to be content.** Don't compare yourself to others. Don't chase after material possessions. True happiness comes from within.

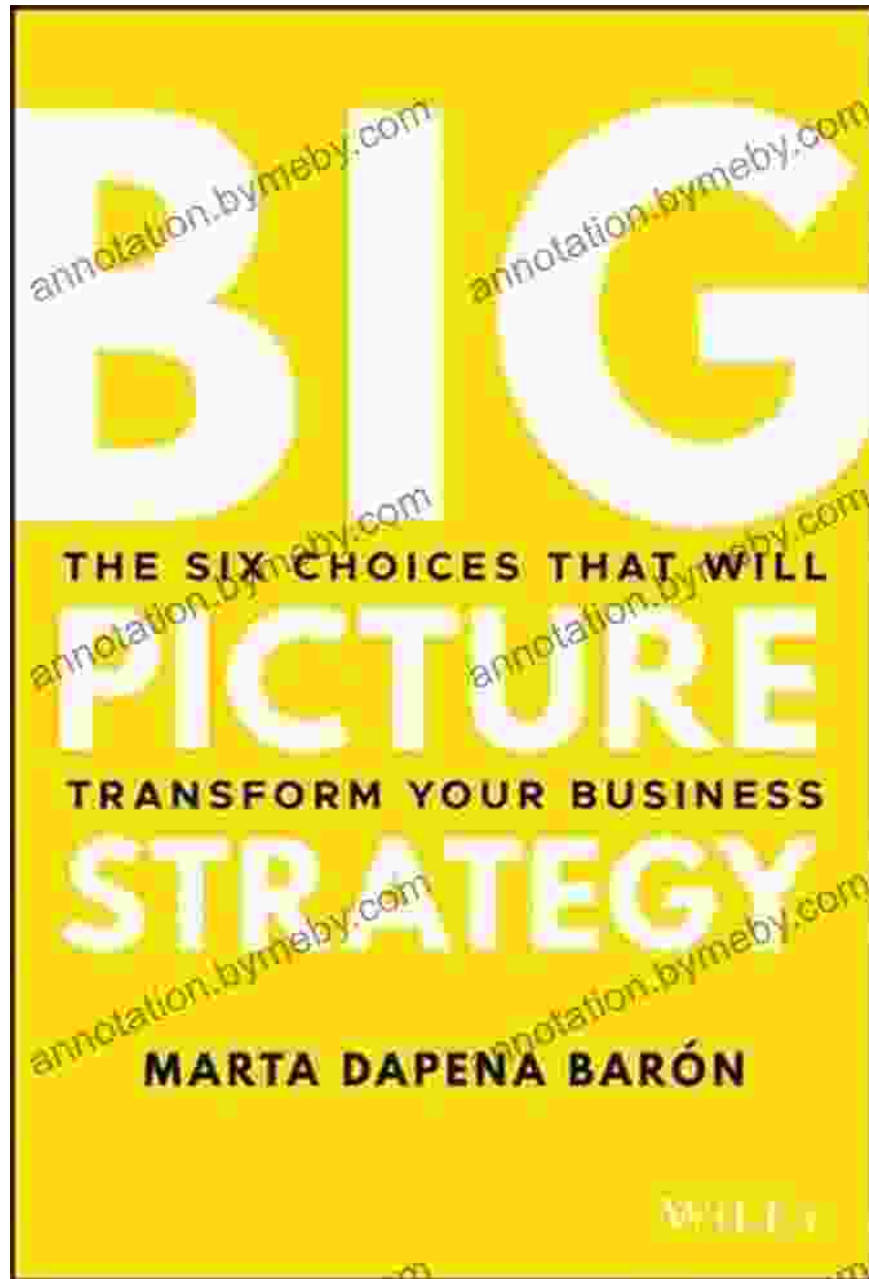

These six choices are not easy, but they are essential for any entrepreneur who wants to achieve lasting success. If you are willing to make these choices, you will be well on your way to transforming your business and your life.
